EVELYN LESTER
PRIMARY EXAMINER

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 5-13-05 has been entered.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art does not show or fairly suggest the claimed invention of a structure for modulating light and the method of fabricating a reflective display having the claimed structure and claimed limitations, wherein a rejection under 35 USC 102 or 103 would be improper. Please particularly note the combination of claimed elements and claimed limitations, including as recited in claim 10, modulators each having an interference cavity and an optical compensation component coupled to the modulators, which has one or more of a photonic crystal array, a multilayer array of dielectric mirrors and an array of microlenses, wherein the light modulation performed by the interference cavity of each modulator is enhanced, such as the colors and brightness of the display are improved; as recited in claims 40 and 46, an array of interference modulators each comprising specific claimed elements and an optical compensation component coupled

Art Unit: 2873

to the array to compensate for changes in a color of light, thereby enhancing the performance of the device. Therefore, in light of the Applicants' previous arguments and/or amendments, the claimed invention is considered to be in condition for allowance as being novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
